

Multidisciplinary Research Advances Journal (MRAJ)

MRAJ publishes research articles, reviews, short communication and prospects in cutting edge research that provided a global readership with broad and diverse perspectives on important developments of multidisciplinary research. There is no publication fee for manuscript publication in this journal. All the submitted papers checked for similarity level and it must be less than 15%.

Manuscript must be submitted to: mrajgcw@gmail.com

Research Article Includes original research devoted to new findings and results of multidisciplinary research. The study should be introduced with non-specialists in mind. A Research Article should be organised as follows: Abstract, Keywords, Introduction, Materials

and Methods, Results, Discussion, Conclusion, Acknowledgements, References and Author Biographies.

Perspective Provides a forum for authors to discuss multidisciplinary research, ideas or models from a personal viewpoint. Perspectives typically are argument driven and arguments need to be solidly anchored in published research and relevant theoretical/analytical frameworks. Perspective papers do not need the empirical sections of a Research Article, although the methodology should be described if analyses have been undertaken. They should be more forward looking than Reviews. They may be opinionated but should remain balanced and based on scientific argumentation. Papers that aim at bridging the gap between solutions proposed from scientific research and its implementation are particularly welcome. Perspective articles are intended to evoke new ideas and stimulate debate, or new experimental approaches and practices.

Review A Review should be the result of a defined search criteria or method. The language should be simple and directed towards a non-specialist readership, novel concepts defined and specialist terminology explained. It should not be focused on the authors' own work. All Reviews should, in addition to the main text, include Abstract, Keywords and Author Biographies.

Short Communication A Short Communication provides a brief, high-quality study on a topical matter that matches journals scope. A Short Communication is expected to have no more than 3000 words in total (including Materials and Methods, a 150-word abstract, maximum of 20 references, and up to 4 figures/tables). A Short Communication can be accompanied by supplementary information.

Max number of words, references, figures and tables in each article category. The word limit includes references (in-text and reference list) but excludes figures and tables.

Article category	Words	References	Figures	Tables
<i>Research Article*</i>	6000	60	6	4
<i>Perspective*</i>	6000	60	6	4
<i>Review</i>	10 000	100	8	4
<i>Short Communication</i>	3000	20		
<i>Comment</i>	1000	10	1	1

Editor-in-Chief: Principal Government College for Women, Gandhi Nagar Jammu
(Ex-officio)

Managing Editor: Dr. Vinod Kumar, Assistant Professor (Botany), Government College for Women, Gandhi Nagar Jammu

Associate Editors

1. Dr. Suman Bala Sharma (HOD Botany), Government College for Women, Gandhi Nagar Jammu
2. Dr. Aran Kumar, Associate Professor (Chemistry), Government College for Women, Gandhi Nagar Jammu
3. Dr. Rawan Kumar, Assistant Professor (Physics), Government College for Women, Gandhi Nagar Jammu
4. Dr. Anju Koul, Assistant Professor (Botany), Government College for Women, Gandhi Nagar Jammu
5. Dr. Rahul Sharma (HOD Biotechnology), Government College for Women, Gandhi Nagar Jammu
6. Dr. Monika Hans, Assistant Professor (Food Sciences), Government College for Women, Gandhi Nagar Jammu
7. Dr. Shakha Sharma, Assistant Professor (Zoology), Government College for Women, Gandhi Nagar Jammu

8. Dr. Ashok Kumar, Assistant Professor (Biochemistry), Government College for Women, Gandhi Nagar Jammu
9. Dr. Nazia Rasool, Assistant Professor (Environmental Sciences), Government College for Women, Gandhi Nagar Jammu
10. Dr. Anket Sharma, Research Scientist, Texas Tech University, Lubbock, Texas.
11. Dr. Namarta Sharma, Postdoctoral Scientist, University of California, San Diego, California.
12. Dr. Shevita Pandita, PGT Biology, APS Ratnuchak, Jammu

Editorial Board Members

1. Dr. Pankaj Gupta, GGM Science College, Jammu
2. Dr. Shweta Saroop, GCW Parade, Jammu
3. Dr. Tajinder Singh, GDC Rajouri
4. Dr. Ripu Daman Parihar, Jammu University
5. Dr. Ashish Sharma, DAV University
6. Dr. Ajay Kumar Taloor, Jammu University
7. Dr. Anu Sharma, GDC Sidhra, Jammu

PREPARATION OF THE MANUSCRIPT

To make the submission process easier, we invite you to submit your manuscript as a single file including all key sections in the different article categories.

Cover letter

Submission of a manuscript must be accompanied by a cover letter that includes a short paragraph that describes the main findings of your submission. Please do not copy and paste from the abstract. The cover letter should also include the category of the paper.

Language

Both American or British English are accepted as long as it is used consistently.

Manuscript

Use double-spacing throughout the text. The article should be submitted as Word, LaTeX, PDF, RTF, or TXT file for text. All manuscript files should be formatted to contain continuous line numbers. The manuscript should include: Title Page, Acknowledgements, Author Biographies,

Abstract, Keywords, Main text of article, References, Figures, Tables and Illustrations. Times New Roman with 12 font should be preferred.

Reference Style

For reference formatting follow American Psychological Association (APA) style. Reference should be arranged alphabetically in the list.

ETHICS & LANGUAGE SUPPORT (required reading)

Ethical responsibilities

Authors should carefully take notice of the Ethical Responsibilities of Authors in the Submission. Topics include:

- Integrity rules of good scientific practice
- Information on plagiarism software
- Fundamental errors
- Suggesting /excluding reviewers

Authorship principles

Authors should adhere to the guidelines that describe Authorship principles. Topics include:

- Authorship clarified
- Disclosures and declarations
- Data transparency
- Role of the Corresponding Author
- Author contributions
- Examples of statements that can be used
- Affiliations of authors
- Changes to authorship
- Author identification
- Deceased or incapacitated authors
- Authorship issues or disputes
- Confidentiality

Declarations Authors should make sure to include any required declarations (if applicable). Information on this can be found in the Authorship principles under ‘**Disclosures and**

declarations'. Research involving genetically engineered plants Authors should carefully read the guidelines on Utilisation of plants, algae, fungi if their research involves genetically engineered plants.

Publishing Ethics - Follow COPE guidelines
